Don't miss seeing and hearing the Sahmarine Flotilla Minstrels at Davis theager—adv.

The funeral of Henry E. Daboll, 77, formerity of New York is president John M. Lee and Dr. John S. Breeded a vast reservoir of credity which not only prevented during the past face the responsibility and we cannot have which not only prevented during the past face the responsibility. The great spect shock that followed starged.

Something big doign in the ear barns by the Live Rev. O. F. uddington of Commerce opensions of Poquono Bridge, officiated. Burial Minstrels and the past in the state of the Continental Bank and Trust Co., of New York Is Pearls ago, of the Shore of Commerce opensions of the Shore of Noank, returne recently from Panama—where he terved two exalist ments, four years in all, in the engages of the Shore of Noank, returne recently from Leave of the Continental Bank and Trust Co., of the state of the Continental Bank and Trust Co., of the state of the Continental Bank and Trust Co., of the state of the Shore o that has been the realization of law and order. Perhaps the lesson of the Boston

has been just as valuable as the battle of Lexington.

We nave received a new idea of philanthropy in the past four years. If we is that there will be a gradual rec

we had been abused. We are working for our own and for the world.

There is a new responsibility felt by men towards government, a higher and better citizenship coming out of this world war. You are demanding more of me. There are new ideals for me and for every man holding public office. You are responding to a realization of responsibility in these days. There is one thing to remember—our hoys showed the world that we produce the hest fighters. Now it is for us, as followers of them, to meet the groblems today industrially with the

the next speaker with a reference to him as a Dartmouth graduate of 1998 and worthy of much respect in the mind of the toastmaster because of what Dartmouth did to Brown, the senator's col. mouth did to Brown, the senator's col-lege, in defeating Brown, 62 to 0, in a certain memorable game. Mr. Ham won the favor of his audi-

ence with a humorous opening when he told them that they were the finest looking body of business men he had ever seen and if they could not get the ac-commodation they thought they ought to have from Norwich banks, they could come to the Citizens' bank in Boston where he would lend them all the money they wanted-on satisfactory collateral sald be felt semewhat backward about posing as a prophet since he had lately turned out to be a bad one, and referred to his experience in raising po-tations on the advice of the government to prepare for a hard winter. He bought seed at \$5 a bushel, paid \$16 a day for having his front lawn ploughed up and when he dug his crop in August he broke tend a hearty welcome to our distinguishtend a hearty welcome to our distinguished guests, our governor. Hon. Everett J.
Lake, Hon. Guy A. Ham of Boston and
Mayor E. Frank Morgan of our sister
dents a bushel. It was the same with
raising pigs, which he tried on his farm
Cana Cod. watching their rought our city one who has always shown a friendly feeling for the welfare of Norwich. Since Norwich takes a prominent part in the affairs of the state. I have only to refer to two of the time of the state of the state. I have

nue which it is expected to produce. To be equitable it should bover a series of years, according to the English plan, in-stead of just one year. He gave his hearers the ideal of ser-vice in the words upon one of the public buildings in Washingtoh: What we do for ourselves dies with us. What we do for mankind is immortal and lives for-ever.

Mr. Ham spoke in substance as fol

will be utterly eliminated or when gradual improvements will be observed, is a matter that of course no one can with positiveness predict; but already, amongst some of the European powers there can be observed a gradual restoration of production.

As opposed to the adverse conditions above outlined, there are favorable circumstances which point unmistakably to a gradual imprevement of business in America, and offset to a certain degree the unusual conditions confronting us to-day.

For the first time in the history of our country, we are a creditor nation. The world owes the United States wast sums, a portion of which is due our government directly, and another part is due to our banking institutions and to individual in-vestors. Here is a source of income which our people have not previously

The country itself is practically un-puched by the ravages of war. We are touched by the ravages of war. We are a nation of vast natural resources, producing articles demanded in almost every corner of the globe. We have a stable government untruched by revolution. Our own citizens have a vast purchasing power represented by huge savings institutions.

The adoption of the federal reserve act has created a vast reservoir of creater.

on this point better than most any other.

Liberty has been given its great birth in our day. Our country has proved itself, but we do not yet know what has been the justification for our sacrifice. One of the lessons that has come out of that has been the realization of law and order. Perhaps the lesson of the Boston. perlenced_

My conclusion, therefore, drawn from consideration of all of the above name conditions, both adverse and favorable. formerly gave something once in two years we used to put ourselves in the back, but now if they don't come around once a week with a drive we feel as if we had been abused. We are working for our own and for the world.

There is a new resupposibility felt by

the croblems today industrially with the retary; directors—Rev. A. K. Abbott. same courage, hone and confidence and hon. A. L. Brown, Grosvenor Ely. Nathan prove ourselves the same true Americans in peace as they proved in war.
